HAPPY TO HELP SOFTWARE

Happy To Help is a Panic / Duress Button To Help Staff of any organization Safe from rude, misbehaving customers.

Happy To Help button is the original on-screen panic/duress button suitable in all workplace environments which can be discreetly activated to request immediate assistance from colleagues. Should your staff feel threatened or find themselves in a potentially vulnerable and worrying situation, a simple click on the Happy To Help icon ensures an immediate alert is sent out via the duress alarm system.

WHY CHOOSE HAPPYTOHELP?

- It works - a timely response prevents the incident becoming worse
- Easy to install - Visit our website and download the software
- Easy to use - the button can be accessed quickly in an emergency due to the fact it floats on top of all running processes and applications
- Discreet - the panic/duress alarm system can be raised in your business without the assailant knowing
- Low Cost - the duress alarm system uses your existing computers and networks which keeps costs low
- Always available - its there when you log on to your PC

ADDITIONAL FEATURES

- Clearly displays HELP location
- Those receiving the alert will be informed of the number of other users available to respond to the alarm
- Optional Audible Alarm
- Alert displays a log of who has responded and when so users can decide whether to also respond
- Discreetly lets you know as soon as someone responds to your request
- Indicates if there are no colleagues available to respond
- Available when screensaver active.
- Option to alert only certain teams or colleagues
- Easy to reconfigure
