HOSPITAL SOFTWARE SHOP

PACS SOLUTION

PACS (Picture Archiving and Communication System) is a healthcare technology for the short- and long-term storage, retrieval, management, distribution and presentation of medical images.

PACS ADVANTAGES

- Reduces the cost of radiology.
- PACS provides a faster and more reliable way of retrieving prior images.
- PACS enables remote access of the image.
- PACS provides for easy integration of images into the hospital information systems.
- This enables more rapid diagnosis and enhances patient care.
- It enables faster peer review of the reports.
- Better analysis of accuracy rates, Turn-around-times (TATs).
- Security and HIPAA compliance is facilitated by using PACS systems.
